

STAR HOME HEALTH

is dedicated to providing quality and compassionate care to individuals in need of home health services. Our goal is to restore patients to their highest level of functioning within the home and society. We respect their right to make personal decisions regarding their health care.

STAR HOME HEALTH

recognizes the needs and worth of aged, diseased and/or disabled persons. We do not discriminate against any person on the basis of race, color, national origin, disability, or age in admission, treatment, or publication in its programs, services, and activities or in employment.
